Check out the Arlington County Summer Camp Catalog for camps and programs that keep kids engaged, active and focused on expanding their horizons! Arlington County programs offer lots of choices, safe and inviting environments, and the chance for children to develop strong bonds with their community. Kids get their fill of thrills through sports; showcase their talents through the arts; reap the rewards of volunteerism; invigorate their imaginations through creative play; explore the outdoors through nature programs; and have adventures galore. All while making friends and lifelong memories. Summer is the perfect time to bring people together by nurturing a healthy development that helps young people grow up confident, caring and responsible.

Camps for All Abilities
Youth with disabilities are welcome to register for any programs of interest. As part of our inclusion philosophy, we have designated Fairlington CC and Madison CC Little Explorers camps; and Ashlawn ES Summerfest as sites that receive additional services. These sites have a lower staff to camper ratio, provide additional training for staff on program modifications, offer positive behavior supports and create connections for individuals with and without disabilities.

The Therapeutic Recreation office can help ensure that modifications are in place for your child to have a successful camp experience. Advanced notice for any requests for modifications is welcome. Reasonable modifications could include: adapted equipment and techniques, specialized staff training, sign language interpreters, accessible facilities, additional staff, or large print and Braille materials. We strive to find the best fit for your camper and at times it may be necessary to change a camper’s placement if the support, assistance and modification necessary for participation can best be provided at an alternate site. You can also check our Therapeutic Recreation (TR) Camps on pages 14. Contact the TR Office at trinfo@arlingtonva.us, 703-228-4740 for more information.

Qualified Staff Make It Happen!
Camp and playground counselors are special people. Department of Parks and Recreation staff love working with young people. They are creative, enthusiastic, committed and sincere...plus super-patient and loads of fun! In fact, many of Arlington’s camp and playground counselors have been campers themselves, often in the programs they now direct. A lot of our committed staff are school teachers, college students, and college graduates who hope to find a permanent job working with kids. They’re a talented and fun bunch, each with loads of experience in his or her specialty area, and all committed to helping your child to be the best he or she can be. To ensure your children have a positive and fun experience, Arlington County invests many hours in staff training and development. In addition to meeting the qualifications for their position, all summer staff attends mandatory trainings that focus on promoting positive participation; creative expression; cooperative and adaptive games; heart-healthy and wellness activities; risk management and safety; child protective services; procedures and policies; planning activities; positive and productive scheduling; and developing welcoming spaces.

FitArlington
Every camper in the Department of Parks and Recreation summer camps can benefit from a healthy and active lifestyle. Regular physical activity controls weight, combats chronic health conditions and diseases, improves mood, boosts energy, and promotes better sleep. Our recreation programs strive to provide opportunities for each camper to get the exercise they need to sustain a healthy life. We integrate at least 45 minutes of moderate to vigorous exercise into Department of Parks and Recreation summer camps through interactive sports and games run by our staff.

It is our goal to provide an environment where campers are able to increase their aerobic capacity, muscular strength and overall physical fitness through fun and challenging activities. In order to provide safe opportunities for physical activity, it is imperative that your camper wears sneakers that fit properly. Laces or Velcro must be tied and secured for a snug fit on the camper’s foot. Loose shoes or Heely’s are not ideal for physical activities. Socks should also be worn. Campers wearing inappropriate footwear will be unable to fully participate for their own safety. Department of Parks and Recreation Staff will consult with a parent when improper footwear is worn.

Camp Facts 101

Everyone can have a great time this summer, but not at another's expense. All participants must follow directions and be respectful of fellow campers, staff, and program boundaries. While each camp has a specific policy for each session, there are common policies among all Arlington camps. These policies were developed to be sure all kids are safe and have the best opportunity for an enriching and fun summer.

1. Indicates an Arlington County camp. Register online at parks.arlingtonva.us or use the registration form on page 23 and participant information/emergency record form on page 24 to register for these camps only.

2. Children must wear appropriate clothing and shoes for the camp and its activities. Sandals are not allowed except on water days.

3. Children must bring their lunch to full day camps.

4. Caregivers should pick up a calendar of activities on the first day of each camp session on site.

5. Excess group insurance that is above and beyond personal medical insurance is available to camp participants to cover medical expenses incurred as a result of injury at camp.

6. Behavior resulting in extreme disruption or intentional harm to self, others or property can result in removal from the program according to the Code of Conduct Policy at the discretion of program staff. Camp and playground counselors are trained to use supportive strategies and available resources to encourage positive participation as alternatives to removal.

7. To keep kids safe, summer programs will limit or cancel outdoor activities, or may even cancel programs, on “Code Red” days. Camper safety is the deciding factor.

8. Field trips are subject to change or cancellation due to inclement weather or if appropriate transportation is unavailable.

9. Locations are subject to change (this catalog conveys the most correct information available before going to press). For updates, contact the registration office at 703-228-4747 or log onto parks.arlingtonva.us, search Summer Camp.

10. The Arlington County Board approves all Arlington County camp fees. The goal is to provide programs for all County children. You may qualify for reduced fees even in non-Arlington County camps. Call the registration office for more information 703-228-4747.

11. Camps with insufficient enrollment are canceled. Registration staff will help direct families to camps only.

YMCA: Horseback Riding Camp

An introduction to riding basics, horse care, and responsibility taught in a safe and fun environment! Campers will go to the stables for 2½ hours each day to learn what it’s like to own and ride their own horse. Riders will learn basic horse care skills, such as grooming, hoof cleaning, tack care, barn chores, and how to maintain the well-being of horses, while learning to be safe around the barn. The emphasis of this camp is on safety and respect for the horse and his care. Campers will ride each day and learn basic position on the horse, including steering and control with individual attention while riding. As an introductory camp, the riding is taught by an experienced instructor with riders on the horse one at a time. The instructor stays with the child while on the horse and helps him/her maintain proper position while guiding the horse. Campers are organized into groups of no more than 6 and rotate through 40 minute stations: grooming, riding, horse chores and a craft activity teaching horse care. Please wear long pants, sturdy boots (or sneakers) and a riding helmet. Riders may borrow a helmet from the stables if they don’t have one. Combined with an outdoor adventure camp setting, the remainder of each day may include swimming, hiking, parks and playgrounds for group games, sports and craft activities. Staff to participant ratio 1:6. AGES 5-8.

*Designated inclusion sites - individuals with disabilities are welcome to register for any summer camp in the catalog. Some children still need lower ratios and more structure, which is why our “designated sites” come in. The locations this year are a little more accessible and pedestrian-friendly. Staff at these sites will have a lower ratio, and receive additional training on program modifications and behavior management. Most staff comes with previous experience working with campers with disabilities. The camp focus is on increasing camper’s awareness and comfort level interacting with peers of all different abilities. Inc inclusion not only benefits individuals with disabilities but has many positive benefits to all campers!*

Join our team of volunteers!

If you are 13 or older, please join a large group of energetic and committed Arlingtonians and have fun while contributing your talents to the community. We need your support to assist staff with general interest, special interest and Therapeutic Recreation camps (volunteers are placed only at camps operated by the Department of Parks and Recreation, not in contracted camps).

Volunteers take a leadership role with the support of trained staff in all the fun and exciting activities campers enjoy, including field trips, arts and crafts, swimming, sing-alongs, games and much more! Whether you are seeking a personal or professional development opportunity or simply have a desire to work with young people, volunteering can be extremely rewarding. It is an opportunity to make friends, work with children in a supervised recreational setting and gain valuable experience in a leadership role. In order to be eligible for a paid Student Assistant position in Arlington County camps in the future, you must have been a volunteer for at least one summer. The number of Student Assistant positions is limited, but DPR will not hire anyone who has not been a summer camp volunteer.

Guidelines for great volunteer opportunities:
1. Volunteers must be at least 13 (by May 1, 2018) and at least two years older than the oldest camper in the program at which they are placed.
2. Volunteers are not placed where they were campers the previous summer or where their family members are current campers.
3. Volunteers must work for four weeks (two weeks for Project FIVE camp). New volunteers must work their first two weeks consecutively at the same location. It may be possible to work additional weeks.
4. Volunteers must work core program hours. Working more than the core hours is determined by the needs of the site. No one may volunteer more than eight hours a day.

Our goal is to place volunteers near their home and in the programs of their choice. However, we can’t guarantee placements.

Waitlists Arlington County camps are very popular. The sooner you register the more likely you will get the spot you want. Registrations will be processed to accommodate first and second choices. If an opening is not available, you can be placed on the wait list. Arlington County coordinators use waitlists to make decisions, and the County process many cancellations throughout the summer; therefore, there is a good chance that you can obtain a spot if you are placed on a waitlist early. Please do not call registration to ask the likelihood to obtain a spot; waitlist enrollments depend on the number of enrollments that cancel their spot. Make sure we have your most up to date contact information, including your phone number and email. You can check your place in the waitlist by logging into your account online (registration.arlingtonva.us) and selecting “My Account,” “Print Household Roster,” and Submit. Online registration confirmations can be printed using Adobe Acrobat 6.0 or higher, but enrollment is not confirmed until all paperwork is received.

Late Registrations and Forms All required paperwork must be received no later than 5pm the Monday prior to the camp week or campers may not be allowed to participate and no refunds will be processed. Registrations will be accepted up to the Monday prior to the camp start date, if space is available. For late registrations, all documents must be delivered to the Registration Office, and a Summer Camp Ticket will be provided to the parent. It is the parent’s responsibility to take this Camp Ticket to the first day of camp and give it to camp staff to be admitted to camp.

Camps with Disabilities Parents and guardians can request modifications through the Therapeutic Recreation Office (703-228-4740 and trinfo@arlingtonva.us) in advance of the camp session. If a child requires frequent reminders to participate, follow directions or stay with the group; requires assistance with dressing, feeding or toilet; or has difficulty managing anger please note this on the Camp Participant Information/Emergency Record form. There is no additional fee for this service. This additional information is important in order to provide modifications so that every participant will be successful in the chosen program.

Fee Reductions Don’t let fees be a barrier. Arlington County residents may request a fee reduction! All participants must submit fee reduction applications PRIOR to registration, since discounts are NOT RETROACTIVE. Fee reductions are available on a sliding scale based on household income and size. Anyone who is an active financial assistance recipient of Arlington County's Department of Human Services or APS free/reduced lunch program, as well as others who are below the threshold of the currently published HUD’s Section 8 income limits, can apply for a reduced fee. To apply, bring proof of identity, proof of Arlington residency and proof of income (such as original free/reduced lunch letter from APS, WIC, SSI, SSD, Section 8 Housing, or current tax forms) to receive 25%, 50% or 75% off. For more information on where and when to process fee reductions, please see page x.

Registration Cancellations, Transfers and Refunds All refunds are subject to a $20 administrative charge per participant, per service interaction. Payment is not based on attendance; it is the responsibility of the guardian to cancel if the camper won’t attend. All registration changes (transfers/cancellations/refunds) are processed by the Registration Office ONLY and not camp or community center staff. Deadline to make any changes to camp registrations is 5pm the Monday prior to the camp start. No refunds will be issued for cancellations requested after that deadline. All changes are finalized only when a receipt is generated by our system. Once a change is made, please read and note your receipt number, since registrants will be held responsible for payment.

Nuestro Personal cualificado lo realizan

Consejeros de campamentos son personas especiales. A personal del Departamento de parques y recreación le debe encantar trabajar con gente joven. Ellos son creativo, entusiastas, comprometido y sincero... y supremamente paciente y muy divertido. De hecho, muchos de los consejeros de campamento de Arlington han sido campistas, a menudo en los programas que ahora dirigen. Muchos de nuestro personal comprometido son profesores, estudiantes universitarios y graduados universitarios que esperan encontrar una carrera permanente trabajando con niños. Son un grupo talentoso y divertido, cada uno con mucha experiencia en su área de especialidad y todos son comprometidos en ayudar a su hijo a ser el mejor que él o ella pueda ser. Para asegurar que sus hijos tengan una experiencia positiva y divertida, el Condado de Arlington invierte muchas horas en capacitación de personal y desarrollo. Además de cumplir con los requisitos para su posición, todo el personal de verano asiste a cursos de capacitación obligatorias que se centran en promover la participación positiva; expresión creativa; juegos cooperativos y adaptativos; actividades saludables para el corazón y las actividades de bienestar; gestión de riesgos y seguridad; servicios de protección infantil; procedimientos y políticas; actividades de planificación; programación positiva y productiva; y el desarrollo de espacios acogedores.

Campos de Arlington para todos los niveles

Los jóvenes con discapacidades son bienvenidos a inscribirse en cualquier campo de interés. Como parte de nuestra filosofía de inclusión, hemos señalado los campamentos de “Little Explorers” en los centros comunitarios Madison y Fairlington. También tenemos el campamento Summertimefer en la escuela Discovery, como sitios que reciben servicios adicionales. Estos sitios tienen una plantilla inferior al cociente de camper, proporcionan capacitación adicional para el personal sobre las modificaciones de programa, ofrecen apoyos de comportamiento positivo y crean conexiones para personas con y sin discapacidad. La oficina de recreación terapéutica puede ayudar a asegurar que las modificaciones están en lugar para que su hijo tenga una exitosa experiencia de campamento. Antelación para cualquier solicitud de modificación es preferible. Modificaciones razonables pueden incluir: adaptado de equipos y técnicas, formación del personal especializado, intérpretes de lenguas de signos, instalaciones accesibles, personal adicional, o grandes y materiales Braille. Nos esforzamos por encontrar el mejor ajuste para su camper y a veces puede ser necesario cambiar la colocación de un camper si el apoyo, asistencia y modificaciones necesarias para la participación pueden prestarse mejor en un lugar alternativo.

También puede consultar nuestros campamentos de recreación terapéutica (TR) en las páginas 14. Póngase en contacto con la oficina de TR trinfo@arlingtonva.us, 703-228-4740 para obtener más información.

FitArlington

Cada campista en los campamentos de verano del Departamento de Parques y Recreación puede disfrutar de un estilo de vida sano y activo. Actividad física controla peso, combate las enfermedades y condiciones crónicas de salud, mejora el estado de ánimo, aumenta la energía y promueve mejor sueño. Nuestros programas de recreación se esfuerzan por ofrecer oportunidades a cada campista para conseguir el ejercicio que necesitan para mantener una vida sana. Integraremos a menos de 45 minutos de moderado a vigoroso ejercicio a través de deportes interactivos y juegos a cargo de nuestro personal.

Es nuestro objetivo proporcionar un ambiente donde los campistas son capaces de aumentar su capacidad aeróbica, fuerza muscular y la aptitud física en general a través de actividades divertidas y desafiantes. Para proporcionar oportunidades seguras para la actividad física, es imprescindible que su campista lleve zapatos que se adapten correctamente, por ejemplo Cordones o Velcro atado y asegurado para un calce a pie. Zapatos sueltos no son ideales para actividades físicas. También deben usar calzado de juventud. Para su propia seguridad, campistas con calzado inadecuado no podrán participar. Personal del Departamento de Parques y Recreación consultará con los padres cuando se lleva calzado inadecuado.
